

## REMINDERS

This is the first billing cycle in 2022 and your bill reflects the rate increase to \$211 per quarter. If you have autopay through Xpress Bill Pay or automatic payments through your financial institution, please remember to update your payment amount to the new rate. At the same time, please check the account number you designate with your payment. If your account number is not a 7-digit number (12345.67) you are using an old account number. Ensuring you are using the correct account number will help alleviate potential posting errors or failed electronic payments. **WE DO NOT ACCEPT CASH OR PAYMENTS OVER THE PHONE.**

### **Spring Maintenance**

While you are working in your yards and flower beds this spring, it's also a good time of year to maintain your low-pressure grinder tanks. Inspecting and cleaning your tank twice a year is recommended.
