

## NOTEWORTHY INFORMATION

Were you aware that NLCA has a website? Look us up on the internet at [nlcaonline.com](http://nlcaonline.com). From here you are able to access helpful information and links such as paying your bill, bill due dates, board meetings, learn more about NLCA, our board members and general information about treating wastewater.

Follow the links for bill payment and our online bill pay vendor, Xpress Bill Pay and Xpress Pay FAQs.

The About tab provides you with information on the Authority Board Members, Authority solicitor, engineer and superintendent.

The News tab contains helpful and informative material. Subjects include the importance of treating wastewater, sewer charges and due dates, board meeting dates and location, grinder pumps, trap and vent inspections/mapping.

There is also a link to direct questions to the Authority Superintendent for general questions or the office secretary for billing/payment and account inquiries.

Be sure to watch the video at the bottom of our home page to view our fourth reed bed project!
