

Do Not Flush!

These items should never be flushed down the toilet or dumped down the drain:

- Wipes (even if labeled “flushable”)
- Baby wipes
- Feminine hygiene products
- Condoms
- Diapers
- Tissues
- Floss
- Band Aids
- Cotton Balls
- Cotton Swabs
- Kitty litter
- Fats
- Oils
- Grease
- Food waste
- Coffee grinds
- Egg shells
- Cigarette butts
- Paper towels
- Napkins
- Plastic gloves
- Other general garbage

Always dispose of these items in a trash can. It can save you from dealing with messy, costly sewage backups in your home caused by blockages in your lateral line. It can also help prevent sewage overflows caused by blockages in NLCA's sewer lines that harm the environment.
